

## Steel Straightener : JMS S Loop Series

- S-loop straightener equips inverter for a variable feeding speed control, and the material loop is controlled by a photoelectric switch.
- It is used in high-speed electric motor lamination stamping line.

### Specification :

Model	JMS-150	JMS-200	JMS-300	JMS-400
Thickness (mm)	0.1-1.6			
Width (mm)	0-150	0-200	0-300	0-400
Speed (m/min)	0-60			
Motor (Hp)	2	3	3	5
